

Design Sprint Day 2 - Owen Murphy

Goal:

- The goal of this application is to provide a platform/space for individuals who are looking to gain more information about graduate programs and courses at UNCC. This platform will provide forums as well as a library of resources and information on several programs for potential and current students.

Feature List:

- User and Admin generated Forums for individuals to discuss a variety of topics pertaining to certain programs or courses
- Search System for specific courses/programs
